FREEDOM OF INFORMATION REQUEST

1 October 2026

BY EMAIL - FREEDOM OF INFORMATION REQUEST

The National Commissioner, Nigeria Data Protection Commission
Attention: Freedom of Information Officer
No. 12 Clement Isong Street, Asokoro, Abuja, Nigeria
info@ndpc.gov.ng

SUBJECT: Data-protection assessment of Nigeria-U.S. health-data sharing

Dear Freedom of Information Officer,

Global Scenes Reports (GSR) requests existing records under Nigeria's Freedom of Information Act 2011 relating to the Nigeria-U.S. health memorandum signed on 19 December 2025. Its section 2.5.2 envisages a further data-sharing arrangement, and its audit provisions contemplate regulated access to health information. We do not presume that the Commission reviewed or approved the arrangement.

Please provide any records held by the Commission concerning: (1) its consultation on, receipt or assessment of the memorandum, Appendix 5, an executed or draft data-sharing arrangement, and an implementation plan; (2) any data protection impact assessment, advice, direction, approval or correspondence on patient-level health information, cross-border transfers, data hosting, consent, de-identification, access by U.S. agencies or onward sharing with third parties; and (3) any investigation, compliance audit or formal determination concerning those arrangements between 19 December 2025 and 1 October 2026.

If the Commission holds no responsive records, please confirm that fact. Please acknowledge receipt, provide searchable electronic copies to **office@gscreports.com** within the statutory period, and state the grounds for any refusal while releasing reasonably separable material. An official explanation for accurate public reporting would be welcome.

Yours faithfully,

D. O. Abiodun
