OFFICIAL RECORDS REQUEST

28 September 2026

BY EMAIL / OFFICIAL RECORDS CHANNEL

The Honourable Minister

Federal Ministry of Solid Minerals Development
No. 2 Luanda Crescent, Wuse II, Abuja, Nigeria
info@msmd.gov.ng | hmregistry@msmd.gov.ng

SUBJECT: Request for the signed Nigeria-United States minerals framework of September 2026

Dear Sir or Madam:

Global Scenes Reports (GSR) requests an electronic copy of the complete instrument signed in New York by Minister Dele Alake and U.S. Deputy Secretary of State Christopher Landau on or about 23 September 2026. Your ministry announced it as a framework for cooperation and investment in Nigeria's solid minerals sector. Please include the executed signature pages, all annexes, schedules, appendices, side letters and amendments held by the ministry.

We also request existing records identifying the instrument's official title, date, effective date, legal status and any public location where its full text can be accessed. If already held, please provide any document setting out the method and source data behind the stated estimate of approximately US\$700 billion for Nigeria's mineral resources. This request does not ask the ministry to create a new analysis.

The announcement has generated substantial public discussion about mineral ownership, access to geological data, investment commitments and local processing. Publication of the instrument would permit an accurate account of its actual provisions. We request access under Nigeria's Freedom of Information Act 2011 and ask that any releasable portions be supplied even if a specific passage is lawfully withheld.

Please send searchable electronic copies to **office@gscreports.com**, acknowledge receipt, and identify any applicable copying cost before it is incurred. If another public institution holds the responsive record, please transfer or direct this request to the proper office and let us know. We welcome an official explanation for publication alongside the documents.

Yours faithfully,

D. O. Abiodun

Founder and Editor-in-Chief
For and on behalf of the GSR Editorial Office
